**VesPEX® PRO European Wasp Lure**

NEW product 2020

**Active:** N/A

**Formulation Type:** Liquid Lure for European Wasp

**Pack Sizes Available:** 250 mL Foil Pouch, 5 L

**Market Segments:** For use in bottle, bag or suitable traps to lure wasps into the station where they are unable to escape and drown in the liquid lure.

- Eco friendly
- Non-toxic pesticide free
- Scientifically formulated attractant irresistible to european wasp
- Use in early Spring to catch emerging queens
- Use in Summer months of high activity to trap active wasp populations
- Convenient and easy to use
- Pet and people safe

**VesPEX® PRO Dominator Bottle Trap**

NEW product 2020

**Market Segments:** Insect traps are used to monitor or directly reduce populations of insects or other arthropods by trapping individuals and killing them.

The Sundew VesPEX PRO Dominator bottle trap is recommended for use with VesPEX PRO European Wasp Lure when targeting European wasp (*Vespula germanica*). For European wasps foraging for protein the use of raw fish, chicken or other suitable meat products can be substituted in place of liquid lures to attract and capture wasps.
