- Broadest label claim of any non-repellent insecticide
- Every 150 g and 2 kg bucket comes with **FREE** measuring scoop

VESPEX® Dominator Bottle Trap

NEW product 2020

Market Segments: Insect traps are used to monitor or directly reduce populations of insects or other arthropods by trapping individuals and killing them.

The Sundew VESPEX Dominator Trap can also be utilised as a bulk European wasp bait deployment station - simply remove the yellow cones to allow access to foraging wasps. This may be handy when there are large populations of wasps or you are unable to frequent the site for inspection.

The Sundew VESPEX Dominator Bottle Trap is recommended for use with VESPEX European Wasp Lure when targeting European wasp (*Vespula germanica*). For European wasps foraging for protein the use of raw fish, chicken or other suitable meat products can be substituted in place of liquid lures to attract and capture wasps.

VESPEX® European Wasp Baiting Accessory Kit

Kit Contains:

- 10 x Bait Tunnels
- 10 x Feeder Trays
- 10 x 360 mm Cable Ties
- 1 x Permanent Marker
- 1 x 500 mL Mixing Bottle
- 4 x Map Planner Pages
- 1 x 5 mL Disposable Measuring Syringe

The VESPEX European Wasp Baiting Accessory Kit is intended for use by VESPEX Accredited Specialists for remote baiting of European Wasps when nests are unable to be located and treated directly.

Visit www.sundewsolutions.com.au to find out how to become a VESPEX Accredited Specialist today.

VESPEX® Baiting Tunnel Bulk Pack

NEW product
October 2021

Kit Contains:

- 50 x Bait Tunnels
- 50 x Feeder Trays

The VESPEX Baiting Tunnel Bulk Pack is an economic bulk pack of baiting stations for users already set up with the tools to do larger area baiting programs.

VESPEX Baiting Tunnels are made from 100% Recycled Materials, are 100% Recyclable, Made In Australia, and are a Certified Carbon Neutral Product.

Visit www.sundewsolutions.com.au to find out how to become a VESPEX Accredited Specialist today.

VESPEX® European Wasp Lure

NEW product 2020

Active: N/A

Formulation Type: Liquid Lure for European Wasp

Pack Sizes Available: 250 mL Foil Pouch, 5 L

Market Segments: For use in bottle, bag or suitable traps to lure wasps into the station where they are unable to escape and drown in the liquid lure.

- Eco friendly
- Non-toxic pesticide free
- Scientifically formulated attractant irresistible to european wasps
- Use in early Spring to catch emerging queens
- Use in Summer months of high activity to trap active wasp populations
- Convenient and easy to use
- Pet and people safe

THE SUNDEW PROMISE

The Sundew Company exists to provide the best-in-market quality professional solutions. The basic proposition of our business is simple: To do the best possible service for your clients, you have to have the best possible solutions.

Our solutions provide confidence, credibility, and leading-edge-science that users can stake their reputations on and feel that they are doing a 'good job' each and every time they use the Sundew Brand.

This is the key to fulfilling our ultimate obligation to providing professional solutions.
